FRANCE AND GERMANY.

SEIZURE OF THE MAYORS' ADDRESS.

PARIS, March 24.—The Insurgent Committee yesterday seized copies of an address to be issued by the Mayors of Paris at the printing office of M. Dupont. The office has since been guarded by a battalion of the friends of order.

INSURGENTS' ARMS CAPTURED.

The alarm given yesterday in the vicinity of the Bank of France was caused by the seizure by the loyal National Guards of two cart loads of breech-loaders, under care of the agents of the Insurgent Committee.

BONAPARTIST INTRIGUES.

The official journal of the Central Committee asserts that numerous Bonapartists and Orleanists agents are making attempts to bribe the supporters of the Committee, and says that all persons rendering themselves liable to suspicion in this connection will be immediately arrested and delivered to the Commanding General for trial.

THE INSURGENT GUARD.

At one o'clock this afternoon the insurgent Central Committee issued a proclamation, stating that Admiral Soisset has obtained from the Assembly and Government complete recognition of the municipal franchise and the right of election of their own officers by the National Guard, including the Commander-in-chief, as well as modification of the projected maturity law. The Committee say they will maintain their post until they are confirmed therein, or replaced by others, and will guard the execution of the laws, notwithstanding the efforts at conciliation. The situation is unchanged.

A CONFLICT FEARED.

The official journal of the Committee says it has decided upon the occupation of all mairies of arrondissements, and dissentients will be tried upon arrest. The trial of Deputy Clemencian has been ordered by the Committee, as has also that of certain dissentient journalists.

GARIBALDI COMMANDS THE INSURGENTS.

Menatti Garibaldi has been appointed Commander-in-Chief of the insurgent nationals.

FORCIBLE SUPPRESSION DEMANDED.

The journals supporting the Government demand the employment of force against the insurrection. A corps of mitrailleuses has rallied to the cause of order.

ATTEMPT TO SEIZE BANK FUNDS.

A battalion of Franc-tireurs attempted today to seize the money in the Bank of Deposit in Rue de Lille, but met with opposition and quietly retired. There was a similar occurrence at Cour des Comptes. Several insurgent patrols have been stopped by the orderly Nationals, but there was no fighting.

AN ATTACK AND REPULSED.

The Montmartreists and Garibaldians, with two guns, attacked the Place de La Bourse at five o'clock this, Friday afternoon, and making a charge upon the guns in the hands of loyal nationals, demanding their surrender. They met both a refusal and a repulse.

THE MAYORALTY NEGOTIATION

has resulted in leaving of the Mayoralties in the hands of their actual occupants, on condition that the municipality give their support to the communal election and the election of the commandant of the National Guards. The Insurrectionary Committee has entrusted the military powers to Colonels Duval, Brunel and Enders, who are promoted to be generals, and will act in concert with Menotti Garibaldi, who has been unanimously chosen to the chief command of the armies in Paris. The committee has received information that the delegates from Marseilles, Lyons and Bordeaux, who were recently here, have returned to their homes and will quickly give the signal for a movement among the workmen in those cities, analogous to that in progress in Paris.

COMMAND OF INSURGENT ARTILLERY.

General Clauiard has been appointed commander of the artillery by the Insurgent Committee. The Montmartreists have increased their vigilance. They stop all railway trains bound for Versailles, and so obtain all the amunition found on the cars.

COMMUNICATION REQUESTED.

VERSAILLES, March 28.—The National Assembly has received a communication from the Mayors of Paris, asking that before the horrors of civil war are inaugurated in Paris that the Assembly enter into permanent communication with the Mayors and give them full powers.

GERMAN INTERVENTION.

Favre has received two dispatches from the German authorities, declaring it to be the duty of the Versailles Government to conquer the sedition.

GERMAN WITHDRAWAL STOPPED.

The withdrawal of the German troops has been entirely stopped, and additional cruel exactions have been levied by them upon the people of the Departments.

A STAY LAW.

The National Assembly has passed a law providing for delay in the payment of commercial bills.

THE SITUATION GRAVE.

Picard, in a speech before the Assembly, described the situation of affairs in Paris as of the gravest nature.

BLARNEY.

The proclamation to Prefects assures them that order conquers disorder and republic triumphs over anarchy. Picard praises the troops, and armies under Gen. Cousins, for their patriotism and courage in restoring order in Lyons.

LOYAL NATIONALS CONCENTRATED.

LONDON, March 24.—General Soissett, General Langlies, and Victor Schoelicher have undertaken to concentrate the loyal battalions of the National Guards in the Place De La Bourse, and re-establish staff quarters there provisionally.

SOISSETT'S PLANS.

It is asserted that Soissett is disposed to pardon the regular soldiers and National Guards who were involved in the emeutes, restore municipal franchises, continue the pay of the National Guards, and revoke the law in regard to the payment of bills at maturity, and that he urges the Assembly to so legislate as to reconcile all conflicting interests.

THE FIRST SHOT.

The other journals refute the charge which was made by *Le Rappel*, that the first shot in the affair of Wednesday was fired by the friends of order.

FRENCH NOT ANXIOUS FOR ORDER.

Fecamp has been re-occupied by a force of 600 Prussians. A dispatch from the government at Versailles, calling for volunteers to re-establish order at Paris, elicited but small response in Havre. The *Commune* has been re-established in Marseilles, where it is said the Mayor and General Prefect have been made prisoners. No disturbances occurred, however, and the proclamation issued by the new government had a good effect. The town is quiet.

INSURGENTS JUSTIFY THEMSELVES.

The official journal of the Central Committee has not appeared to-day. The insurgent leaders have issued a proclamation justifying their course of action and calling upon all people to vote at the election.

DISGRACEFUL BEHAVIOR OF A GENERAL.

A violent scene occurred at a meeting of the Central Committee. A member of the committee differed from Gen. Lullier, commander of the National Guards. Lullier became violent and threw a chair at the head of his colleague, for which conduct he was dragged out of the meeting and immediately deposed from the commandership. Signs of disaffection have been shown among the adherents of the Central Committee. Five hundred of the National Guards have been disarmed.

NAPOLEON BIDES HIS TIME.

The *Observer* reports the health of the Emperor Napoleon good. The oft repeated statement that his agents are distributing money among the insurgents in Paris is pronounced false, and it is represented that the Emperor remains passive, awaiting the final and legitimate decision of the French people.

QUIETING DOWN.

Order has been restored at Lyons and the prefect of the department has been released.

NAPOLEON IN HIGH COMPANY.

LONDON, Monday 27, 5.30 A. M.—The Emperor Napoleon visits Queen Victoria at Windsor Castle to-day.

PARISIAN MATTERS.

Admiral Soisset returned to Versailles painfully impressed with the scenes he has witnessed in Paris. The Assembly voted a resolution to give public funerals to Generals Lecomte and Clement Thomas, and providing for the adoption of their children by the State. A special dispatch to the London *Times* this morning from Versailles says that General Vinoy insists on attacking Paris, and that placards have appeared in Paris, announcing that the efforts of the deputies from that city at conciliation have failed, owing to opposition in the Assembly.

THE NEW ELECTIONS.

PARIS, March 26.—The *Journal des Debats* objects to the proclamation ordering elections for to-day, that the people cannot attend the polls, no time being given them, nor is the sincerity of the measure assured. It advises electors to abstain from voting.

AN INSURGENT MANIFESTO.

The official organ of the insurgents prints a manifesto, signed by Rannier and Fleurens, strongly maintaining the right of municipal autonomy as a defence against political encroachment, and demanding the creation of an army to be composed only of National Guards.

GENERALS RELEASED.

The Central Republican Committee has released Generals Chanzy and Langaureau.

[Special to N. Y. World.]

THE CENTRAL COMMITTEE INTERVIEWED.

PARIS, March 26.—Yesterday I interviewed the whole Central Committee in the Hotel de Ville. The members of the committee said: We organized in the first place on account of information that Thiers was co-operating with Bismarck for the overthrow of the Republic, the evidence of which was overwhelming. Thiers had endeavored to provoke the committee to acts of violence, but failed, and had himself committed the first outrage by attacking Montmartre.

PLANS OF THE COMMITTEE.

The objects of the committee are to secure municipal rights for Paris, free elections and abolition of the payment of rent due during the siege; to form one vast republic under the regime of the commune, which is to be more comprehensive than ever, as advocated by Louis Blanc and Victor Hugo, and is to be based upon compulsory education.

FRESH ELECTIONS.

We ignore the Versailles Government and declare all its acts null. Fresh elections will be held and a new Assembly chosen, having its seat in Paris. The members of the committee will not accept office in the new Government, but will form a cordon sanitaire, having supervising power over it. The people of all ranks are daily offering their services to us and officers and men are deserting from Versailles, and placing themselves at our disposal. We do not want any needless effusion of blood. General Chanzy will not be executed, but Generals' Ducrot, and Trochu will be if caught. We appointed Garibaldi Commander-in-chief. He will arrive to-morrow. Menotti and Ricciotti Garibaldi are his aids.

THE ELECTION OVER—PARIS QUIET.

9 P. M.—The election passed off without disorder, and the city is now perfectly quiet. In the proclamation just issued, the Central Republican Committee resigns its functions and yields to the newly elected Municipal Government. General Chanzy, on being set free, left for Versailles. Admiral Soissette has disbanded the loyal battalion under his command, and gone to Versailles. At a meeting to-day the Deputies in the Assembly resolved to support the Government as long as it remained true to the Republic.

PARIS SETTLING DOWN.

1 P. M.—All is quiet and the city resuming its normal appearance. The barricades still remain in the streets, but the cannon mounted upon them are withdrawn or turned inward. Voting commenced this morning and is now quietly going on. There are few voters. The list of candidates indorsed by the Central Committee has been extensively distributed.

AGITATORS ARRESTED.

HAVRE, March 26.—Lavallette and three other agents of the Central Republican Committee of Paris, who come here on a mission of agitation have been arrested.

CONGRATULATIONS TO WILLIAM.

BERLIN, March 26.—Representatives of Spain, Italy and Hungary have presented to the Emperor William the congratulations of their respective sovereigns on the restoration of the German Empire.

ENGLAND.

ARMY BILL.

LONDON, March 25.—In the Commons last night, Lord Elcho moved an amendment to the army bill, diminishing the army by ten thousand men. Mr. Cardwell opposed the motion, and was energetically sustained by General Storks. The amendment was then rejected.

NAPOLEON WIDE AWAKE.

The *Scotsman* says the Emperor Napoleon is engaged in personal communications with the managers of a London paper which has always been devoted to his fortunes.

ENGLISH VISITORS TO AN AMERICAN WAR STEAMER.

The Mayor and corporation of Southampton have visited the United States war steamer Shenandoah lying in Southampton waters, on an invitation extended by Captain Wells, who in response to a toast given by the Mayor, expressed most friendly sentiments towards England.

ALL QUIET IN CHINA.

The Foreign Office has received a telegram dated Pekin, March 6th, to the effect that all was quiet north of China.

SOUTH AMERICA.

LISBON, March 26.—At Rio Janeiro a new ministry has been formed, as follows: President of Council, Oliveera; Minister of Finance, Fiolranch; Minister of Justice, Lobats; of Public Works, Commerce and Agriculture, Selva; of Foreign Affairs, Correa; of Marine, Azevedo. The portfolio of War is provisionally filled by Gen. Lopez.

THE URAGUAYAN WAR.

Jourdan has again been defeated and his army routed in Uraguay, but the provinces continued unsettled. Blancos had made an attack on Paysounda, the result of which is unknown. Succor has been sent to the town from Montevideo.

BUCHAREST.

THE LATE DISTURBANCES.

BUCHAREST, March 24.—The excitement over the attack upon the German peace celebration has not abated. In consequence of the intervention of the German Consul, the prefect of police has been dismissed from office. Further disturbances are apprehended.

SWITZERLAND.

THE SWISS PROTECT THEIR BORDERS.

BERNE, March 25.—The Swiss Federal Council, fearing an extension of French disturbances to the border of Switzerland, have issued an order calling out a large number of troops to guard the frontier.

DENMARK.

THE BALTIC OPEN.

COPENHAGEN, March 25.—The ice has left the Baltic, which is now open for navigation.

FINANCIAL AND COMMERCIAL.

LONDON, March 25, 2 P. M.—Consols 92¾ for on account. Bonds steady, 20's, '62, 92; do. '65, 91½; do. '67, 90¾; 10-40s, 89.

FRANKFORT, March 25.—Bonds 5-20's, '62, 96½.

LIVERPOOL, March 25.—Cotton active; middling upland 7⅜@7½; Corn, No. 2 mixed 61s.; Beef 112s 6d; others unchanged.

ARKANSAS.

Adjournment of Legislature—Senate to Sit as a Court of Impeachment—Disgraceful Proceedings—A Useless Session.

MEMPHIS, March 25.—The *Avalanche's* Little Rock special to-night says the Legislature adjourned at noon to-day. The Senate will remain for several days in executive session as a Court of Impeachment, and Board of equalization. Both Houses were in session last night till two o'clock. The proceedings in the House were of a most disgraceful character. The Clayton ring having a majority, carried every one of the pet measures sent by the Senate, regardless of the rules of law or precedent, over the protest of the Conservatives, who seeing all was lost unless a quorum was defeated, about 11 o'clock a sufficient number left to leave the House without a quorum. A call of the House was ordered, the doors were locked and the Sergeant-at-Arms dispatched for absentees. Then followed a scene of disorder and confusion that would have disgraced any meeting; whiskey flowed freely, cigars were circulated, a dozen members were addressing the chair at once, and in the midst of all, one member, (Mr. Mason) who could scarcely preserve his equilibrium, was speaking promiscuously, when Mr. Barber (colored) rose to a point of order, and proceeded to address the chair. Mason continued his remarks in a loud voice. The chair could not hear Barber. The latter left the chair, advanced up the aisle near the speaker's stand and said, "Mr. speaker," his eyes flashing, "by God, sir, who has the floor; this drunken man Mason, or myself? If he has not I will make him take his seat," advancing toward Mason, picking up a book and brandishing it over his head.

At this point the speaker succeeded in restoring order. Several scenes equally disgraceful followed.

The Clayton men have succeeded in passing almost every measure they desired. The disabilities of about two hundred persons have been removed, taxes greatly increased, a number of new offices created, and salaries raised, instead of being reduced. The registration law has been so amended that the Governor can carry almost any election over the will of the people, and not one measure of retrenchment or reform has been taken.

MISSISSIPPI.

An Incendiary Mayor—A Black Look, (if True.)

MERIDIAN, Miss., March 25.—The Meridian *Mercury* to-day says of Wm. Sturgis, incendiary: Incendiarism is seldom established by direct and positive testimony. Men may lie and commit forgery, but circumstances never lie. The investigation which closed on Thursday evening, and the testimony, which is all written down, has a chain of circumstantial evidence pointing so staringly to Wm. Sturgiss, late Mayor of Meridian, as the incendiary of the night of the 4th, as to crowd out every other theory of conflagration. He stands out before the world as an incendiary and fermenter of the riot in which the judge was shot on the justice seat by a negro. He is besides under indictment for a felony in this county, which would send him to the penitentiary.

NEW YORK.

South American News—Chili Objects to the Annexation of San Domingo—Joint Commission Proceedings—Previous Rumors in Regard to Their Action False—A Meteor—Canadian Annexation—Fire in the Woods, &c.

NEW YORK, March 25, 1871.

SOUTH AMERICAN NEWS.

A special telegram from Panama gives further particulars of the terrible flood in Peru The town of Lambayage, containing 20,000 inhabitants, had only three houses left standing. In Payta the water was three feet in the streets. The loss of life and property is immense.

In Bolivia peace has been fully restored.

The people of Chili are violently opposed to the annexation of San Domingo to the United States, and the Government is called upon to protest against it as the first step toward the annexation of all the American republics.

The United States Minister to Salvador has notified that Government, on behalf of England and the United States, that during the existing war with Honduras the neutrality of the Honduras Railroad must be observed.

A large number of German emigrants to Lower California had arrived in Panama, and twenty-five had deserted. The whole scheme is pronounced a swindle, and the German residents of Panama are about sending a protest to New York against it.

In Columbia, the revolutionary party in the State of Boyaca has been successful, and quiet is again restored.

JOINT COMMISSION.

The *Times'* Washington correspondent telegraphs that the rumors regarding the proceedings of the Joint High Commission had no basis whatever so far as the details were concerned, for it is next to impossible that anything should be discovered. All that has become known up to the present hour is that the discussions have progressed so far that it will probably be determined within the next week or ten days whether there is any possibility of arriving at any satisfactory conclusions. If the Commission remains in session till the first week in April, it will be a strong indication that an adjustment of the pending question is probable.

A METEOR—NOT A POLITICAL ONE.

At 12:17 o'clock this (Sunday) morning a meteor of different colors, seemingly of one-third the diameter of the moon, suddenly shot into the atmosphere at about twenty degrees south of the planet Mars. The direction and motion was north-east, and the arc passed over thirty degrees. The period of visibility was one second. The train was thirty-five degrees, and it was visible twenty seconds. The immense meteor cast the shadows of surrounding objects, making the heavens ablaze with light.

FINANCIAL.

Yesterday business was quite active throughout the afternoon in railway shares, but the efforts of cliques to unload were not well disguised, and the confident tone of the past few days materially lessened. Vanderbilt stocks, with the exception of Lake Shore, are practically neglected, while the latter, notwithstanding its activity, responded to lower figures. St. Paul's, as well as Northwestern, was more steady, though preferred of the latter was subjected to quite a sharp decline. After three o'clock Northwestern was lower and the early prices of Western Union were not sustained. The general volume of business was not large, but at the close the market recovered the decline of the day, with a firmer feeling prominent in street circles.

THE NEW LOAN.

The total subscriptions for the new Government loan amount to $29,000,000

CANADIAN ANNEXATION.

Under the auspices of club Unionists in Canada, the sixth monthly reunion of the French Canadian residents in this city favoring an union of Canada with the United States, took place at Masonic Hall last evening. Addresses were made on the subject of Canadian annexation, which is the principal object for which the Canadian Union Club had been started, and a series of musical exercises and social entertainments were given.

THE ERIE SUIT.

Judge Blatchford, of the United States Circuit Court, this morning issued an order to show cause on the petition of Jay Gould, claiming that part of the English certificates of stock now in litigation belonged to him. The order is returnable on the 1st of April, and until that time all proceedings are stayed except the reference before Kenneth G. White, master, which takes place on Monday.

The Long Island Sound steamer Granite State, while coming through Hellgate this morning, ran upon the rocks at Hallett's Point. The accident was caused by breaking her rudder chain. The passengers were all taken off with their baggage by the steamboat Sylvan Glen. The Granite State was badly damaged.

FIRE IN THE WOODS.

Twenty square miles of wooded land on the south shore of Long Island were burned over yesterday, and a thousand cords of wood and other property destroyed.

The fire began near Merrick and burned westward to Oakland, passing close to several villages, which were only saved by great exertions of the inhabitants. No lives were lost nor dwellings burned during the entire progress of the fire.

SAILED.

The clipper ships Ringleader, Capt. Hambling, and Frolic, Capt. Bush, sailed yesterday within five minutes of each other, en route for San Francisco.

THE FENIAN CONVENTION

last night abolished the office of President of the Order, and returned to the Committee of Finance its report for revision and classification of expenditures into those made in Ireland, and those in America.

THE ERIE RAILWAY COMPANY

will carry to the Supreme Court of the United States, an appeal from the judgment of the New York Court of Appeals, awarding $35,000 damages to C. C. Dyke, for injuries received at the Carr's Rock accident.

THE POPPENHOUSEN INSTITUTE,

at College Point, Long Island, has received another $100,000 from Conrad Poppenhousen, its founder.

FORTY-SECOND CONGRESS.

FIRST SESSION.

WASHINGTON, March 25, 1871.

SENATE.

ARKANSAS SENATOR.

Mr. RICE presented the credentials of Mr. Powell Clayton, as Senator elect for Arkansas, to succeed Mr. McDonald—read and filed. Mr. Clayton appeared and took the oath of office.

THE NAVAL COST OF SAN DOMINGO.

Mr. SUMNER offered a resolution directing the Secretary of the Navy to communicate to the Senate the amount of expenditure incurred in support and navigation of several ships already reported to the Senate by Secretary, as employed on the coast of San Domingo since the beginning of negotiations for acquisition of part of the Island, setting forth the expenditure on account of each ship, and the sum total taken from the annual navy appropriation on account of all these ships. Mr. Conkling moved an amendment so as to show the additional expenses if any, over that which would have occurred had the vessels floated in the service elsewhere.

Mr. SUMNER had no objection to the amendment, but every Senator knew the vessels had not been in the places where they were needed. The Secretary himself had complained that he had not vessels at command, and yet he had reported to the Senate that he had twelve vessels of war guarding the Dominican coast.

Mr. COLE suggested to add the words, "How many vessels are usually in service in the West India squadron?"

DEBATE AS TO SPECIAL PROCEEDINGS.

Mr. CHAMBERS was opposed to entering upon any business which interfered with the speedy passage of some measure for the South.

Mr. CASSERLY objected to Mr. Chamber's proceedings, unless it was understood that the subject was open to general debate.

CASE OF THE GEORGIA SENATORS.

Unanimous consent being necessary for the present consideration of the resolution, it was laid aside, upon the objection by Mr. Stewart, who desired to have the claims of Blodgett and Goldthwaite to seats from Georgia and Alabama, disposed of. The cases of Messrs. Blodgett and Goldthwaite were debated by Messrs. Stewart and Thurman till the expiration of the morning hour, and laid over without action.

At 1 o'clock the

DEFICIENCY APPROPRIATION BILL

was proceeded with, the question being upon the amendment by Mr. Pomeroy, appropriating $350,000 for the construction of depot buildings at Fort Leavenworth. After discussion the amendment was laid on the table by 24 to 23.

EXPENSES OF SOUTHERN OUTRAGES COMMITTEE.

Mr. SCOTT moved an appropriation of $30,000 to pay the expenses of the investigation of southern outrages.

LIFE SAVING ON NEW JERSEY COAST.

Mr. STOCKTON moved an appropriation of $200,000 for the maintenance of life saving apparatus and stations on the New Jersey coast during the ensuing fiscal year. After remarks by Messrs. Frelinghuysen, Thurman and Hamlin, in advocacy, and Mr. Cole against the amendment, it was adopted.

MISCELLANEOUS.

After disposing of numerous amendments, a bill was reported from the Committee of the Whole to the Senate, with amendments from the Committee of the Whole, and then concurred in with a few exceptions, in regard to which a special vote was asked. Among these was an amendment for the re-issue of

NATIONAL CURRENCY,

which Mr. Thurman moved to amend, by providing for printing one side of the notes by one printing house, and the other side by another; verification by the Government to be made in the Treasury Department. He said this would prevent duplication and issue of the spurious notes.

Mr. CONKLING preferred to employ the competition of skilled workmen in the work. He asserted that distinctive paper prescribed by the Secretary, and made by law felony to counterfeit, was no novelty, and intimated the existance of a vast amount of evidence confirmatory of this. No monopoly in a particular kind of paper should be countenanced.

Mr. THURMAN'S amendment was agreed to, and the amendment, as amended, was concurred in. Mr. Caldwell renewed the amendment for the appropriation for an army building at Ft. Leavenworth limiting the amendment to $100,000—adopted. The bill was then passed, and at 5:30 P. M. the Senate adjourned.

—The bark Louisa left on Saturday for Toledo. This is the earliest spring opening of navigation for many years.

SECOND EDITION.

FOUR O'CLOCK.

THE CAPITAL.

The Joint Commission—The Fisheries Question—A Bill Combining Amnesty and Repression of Outrages—San Domingo Commissioners' Report—Kuklux Bill, &c., &c.

WASHINGTON, March 25th, 1871.

JOINT COMMISSION PROCEEDINGS.

The English members of the Joint High Commission were engaged yesterday in preparing a mail for the home government. As Secretary Fish was obliged to attend a session of the Cabinet, there was no meeting of the Joint High Commission. The Commissioners have not got beyond the

FISHERY QUESTION,

and there does not seem to be much prospect of a satisfactory adjustment of the points of dispute between the Canadians and our New England fishermen. Col. John Warren, who claims redress for imprisonment in England, has been informed that his memorial will be brought up for consideration whenever opportunity shall present itself. All claimants will receive timely public notice should any arrangement be made for the adjustment of their claims, as to what may be required from them in the way of additional papers or testimony.

The House Select Committee of nine, in charge of the President's

MESSAGE ON SOUTHERN OUTRAGES,

held a brief meeting on yesterday morning, but owing to to the absence of two of the members, they came to no conclusion, and adjourned until Monday morning at ten o'clock.

Mr. Thomas, of South Carolina, will propose a bill to the Committee,

COMBINING UNIVERSAL AMNESTY

with the measures for the repression of outrages, but in the present temper of the House this combination is not likely to succeed. It is very probable that one feature of the new bill will be a provision making the internal revenue police force applicable to all States. But it is necessary in the South only to enable the assessors and collectors to arm a *posse comitatus* for self-defence and the enforcement of the laws.

NOMINATIONS.

The President sent the following nominations to the Senate: Postmasters—Jno. C. Douglass, at Zanesville, O.; W. H. Blair, at Hamilton; J. S. Veill, at New Palladelohia, O.; J. B. Campbell, at Fort Scott, Ks.; C. F. Bell, at McGregor, Ia.; John S. Sherman, at Lawrence, Kansas; S. A. Fitch, at Chetopah Kansas.

SAN DOMINGO COMMISSIONERS' REPORT.

WASHINGTON, March 26.—The President will transmit the report of the San Domingo commission to Congress at an early day. He does not intend to recommend action on it during the present session, but desires its contents to be read by the people, in order that they may form from official data their judgment of the questions under discussion.

MORE ABOUT THE JOINT COMMISSION.

The Joint High Commission will conclude its labors in a few weeks, and assurances come from those distinguished and and well informed parties, that there will be an equitable settlement of the matters in dispute. If this shall result the President will send a treaty to the Senate, should that body be in session. The subject of the fisheries will be considered first and other important questions also discussed, each side presenting voluminous documents and affording every facility to the other for securing additional information: The British Commission is in constant telegraphic communication with the home government.

SUBSCRIBERS TO THE NEW LOAN.

Among the subscriptions to the new loan yesterday were those of George Opdyke & Co. of New York, $100,000; National Exchange Bank of Columbus, O., $50,000; Miners' National Bank of Pottsville, Pa., $300,000; First National Bank of Allegheny, Pa., $310,000; Farmers Deposit National Bank of Pittsburgh, $350,000; Farmers' National Bank of Ripley, O., $155,000; First National Bank of Cincinnati, O., $145,500; First National Bank of Tamaque, Pa., $150,000; First National Bank of Battle Creek, Mich., $100,000; Poughkeepsie National Bank of New York, $174,500; First National Bank of Norristown, Pa., $175,000.

THE KU-KLUX BILL.

The House select committee will have another meeting to-morrow to discuss the Ku-Klux bill.

CINCINNATI.

A Probable Suicide—The old Story—Central Republican Association.

CINCINNATI, March 25.—Miss Nancy Jane Lovell, a young lady of some personal charms, was found dead in a thicket in a wild secluded region in Point township in Ross county, on Thursday morning, under circumstances that point unmistakably to suicide. It is reported that considerable scandal has been circulated to a man named John S. Blackburn, and her, and that the latter, who is now claimed to be in a deranged condition, knew of the commission of the act. The Coroner's jury will doubtless develop some interesting facts in regard to the body.

The Central Republican Association, the foundation of which was announced last week completed their organization on Saturday, by electing a full list of officers. Public meetings of both the English and Germans will be held early in April. The Executive Committee was instructed to arrange for a series of political lectures by George William Curtis, Carl Schurz, Lyman Trumbull and others. Parker Pillsbury spoke twice from Mr. Vicker's pulpit to-day.

August Becker, one of the most noted German editors in this country, died in this city to-day. He was fifty-seven years of age, and a native of Hesse Darmstadt, where his father was a Protestant clergyman. He was studying theology in the university of Grissen in 1830, and joined in one of the numerous revolutionary societies that sprung up on the heels of the revolution that drove Charles X. of France from his throne; was arrested and in prison for five years and when liberated went to Switzerland and engaged in literary pursuits until 1848, when he went to his native land and published pamphlets in encouragement of the Revolution of that year, was elected to the Parliament of Hesse Darmstadt, and served several years. Failing in his revolutionary schemes, he came to this country in 1854 as Madame Sontag's agent, soon became editor of the Baltimore *Wicker*, then of the New York *Democrat*, and then of the German papers of this city. He served two years as chaplain to the Seventh New York Regiment during the revolution.

WHEELING.

Fire—Destruction of Property.

WHEELING, W. Va., March 26.—About half past three o'clock this morning the buildings occupied by Christman & Debold's extensive livery stables were discovered to be on fire on the roof, on the front portion of the building, a part of the Miller estate, which, with five or six sleighs, wagons and a buggy, were destroyed. The loss is $1,500. The rear part of the building was not insured. The rear part of the building, owned by E. B. Young and filled with hay, was uninjured. On this and Messrs. Christman & Debold's there was an insurance of $5,600 in the Peabody Company of Wheeling and Andes Company of Cincinnati. The horses and the balance of the vehicles were got out undamaged—total loss about $2,500.

The fire is supposed by some to have originated from a stove pipe passing through to the loft, and by others as the work of an incendiary. Considerable excitement has been caused by letters said to have been received by different parties, saying that their property had been selected to be burned, &c. A late fire was threatened by a similar note two weeks previous to its occurrence.

ST. LOUIS.

Railroad Accidents—Breaks in Mississippi Levee.

ST. LOUIS, March 26.—Jerry A. Herron, while standing on the foot board of a locomotive in the North Missouri Railroad yard yesterday, and attempting to uncouple a car, fell on the track and had both legs severed below the knees. He died soon after. Walter Watts, recently from the State of New York, was crushed to death at Kansas City on Thursday last while coupling cars.

A dispatch from Memphis says several large crevasses have lately occurred in the Mississippi river levees in the upper parishes of Louisiana, which will inflict great damage upon some of the most productive portions of the low lands in that State.

RHODE ISLAND

Attempted Escape of Convicts—Morphine in a Watchman's Tea.

PROVIDENCE, R. I., March 26.—A number of convicts in the State Prison made an attempt to escape last night. Morphine was put into the tea which was brought to the watchman, but the quantity was so great that the mixture was no sooner taken than it was ejected. Suspicion was aroused and one of the convicts made a confession, saying the watchman was to be stupefied and killed if necessary, then all engaged in the conspiracy were to be let out of their cells into the yard, when they would scale the wall and escape. The morphine was obtained by a prisoner who was occasionally employed in the dispensary.

NEW ORLEANS.

Chinese Cheap Labor—Louisiana School Act.

NEW ORLEANS, March 25.—Most of the five hundred Chinese from the Alabama Railroads will go on Louisiana plantations.

The river is rising, now being twenty-three inches below high water mark.

Judge Leaumont decides that the section of the School Act providing for levying a tax for support of public schools in 1871 is unconstitutional.

BRADY'S BEND.

Fire at Oil Wells.

BRADY'S BEND, March 25.—A fire broke out at half-past six this morning, which lasted until ten o'clock, and was caused by the overflowing of the James well No. 2, the oil catching fire from the engine, and the entire Mildren Reserve, with all the oil of the other wells in the vicinity, was destroyed. The Milden well is still burning, and throwing oil at the rate of two hundred barrels per day. The loss cannot be estimated at present.

MESSRS. PIER, DANNALS & CO: I enclose you a few verses on your cream ale, which I hope you will find as agreeable to your taste as your cream ale is to mine. Yours very truly, BACCHUS.

The above note accompanying the verses referred to, and which will be published this week, were duly received from the god of wine last week. We have always claimed for our cream ale great antiquity, and surely it cannot now be disputed, since the venerable Bacchus, after ages of silence, condescends to speak in our behalf.
